DISCRETIONARY SELECTIONS

Athletes who have not met the Objective Criteria may be selected to the team based on a variety of factors, including competitions outside of the selection period, and/or they satisfy any of the following:

- Outstanding competition results from the 2021/22 and 2022/2023 seasons, indicating a potential for success.
- Recent positive direction or trend of competition results indicating a potential for success.
- Indication of medal potential in future elite level competition (such as international age group results and age rankings) that would be materially enhanced by selection to the team.

All discretionary selections will be reviewed by a discretionary selection review group comprised of the U.S. Ski & Snowboard Snowboard Sport Director, the U.S. Ski & Snowboard Chief of Sport, and the U.S. Ski & Snowboard Athlete Representative for Snowboard to the Board of Directors. If the U.S. Ski & Snowboard Board Athlete Representative is also a currently competing athlete then another athlete, who is not actively competing, will be selected by the Athletes' Council to be the representative in this group.
