1. Welcome - Jana Johnson
2. Agenda Review and Approval
   a. Motioned by Jana Johnson
   b. 2nd by Ashley Deibold
3. Development Update – Ashley Deibold
   a. Development Priorities
      i. Coach and Club Education
      ii. Talent ID and Development Camps
      iii. Form a Development Group
      iv. Support Development Events
   b. Coach and Club Education
i. Goals: Form coach education working group host coach roundtable, first coach clinic during Talent ID camps, create online coach clinic curriculum, and create club development materials

ii. Coach Clinic
   1. 2-3 day clinic for level 200/300
   2. Aerial specific clinic
   3. Main goal for subcommittee: have separate education for moguls and aerials.

c. Lake Placid Camps
   i. June and August
   ii. Will notify when the status of Lake Placid opening up has been determined.
   iii. If Lake Placid remains closed, the team will look to Park City for summer camps.

d. Development Group Ramps and Tramps Camp in Park City
   i. An initiative for continuing athlete excitement around aerials by providing training with JC and creating a "Development Group" for objectively qualified junior talent.
   ii. For athletes 20 and under
   iii. Athletes would still work with their home teams in the winter, but train with JC in the summer.
   iv. A large emphasis of collaboration between national team and clubs.
   v. Would qualify by FIS list, Nationals, and Junior Nationals
      1. Coaches are encouraged to recommend their talented/qualified athletes.

e. Other Development Events
   i. Desire for two winter development projects
   ii. Some of the budget money from the Development Department was given to NORAM events to offset some of the fees we lost when we fully funded all the US team entry fees. It’s a small supplement to ensure they are able to continue to run events.

f. KPIs
   i. Education
      1. Help clubs add numbers to their programs
      2. 4 new coaches educated in 2021
   ii. Camps
      1. 3-5 cross-sport recruits at each camp
      2. 4-6 in-sport recruits at each camp
      3. 6-8 new athletes transfer to club programs for 2021
   iii. Development Group
      1. By 2023, 30% of Development Group athletes have matriculated to WC and/or National Team.

4. Coaches Education/Recruitment
   a. Goal: Have a smooth transition between level 100-400.
   b. Ashley Deibold: We want to get a group together or 3-4 moguls and 3-4 aerials together. We will then outline our learning objectives and then fill in that content by virtual experts.
   c. General consensus of the need for more aerials-specific education.
      i. 300 should be the point of separation
      ii. Trampoline specific curriculum needed

5. Action Items/Proposals
   a. No new proposals
   b. Action Items listed in development update
6. New Business
   a. Desirables:
      i. Tim Massucco and Chris Seeman: Getting involved in education
      ii. Jack Boyczuk: Single at Woodward
      iii. Eric Bergoust: Not specializing kids to specific disciplines too early.
      iv. Ashley Deibold: Tramp development collaboration between aerial skiers and freeskiers.
      v. General Consensus of Committee Members: Revamp of Junior Nationals schedule/enticement strategy for athletes to increase participation.
   b. Discussion initiated about working with clubs that provide trampoline programs in the summer and fall
      i. Tim Massuco: We utilize trampolines in the fall to introduce kids to acrobatic training.
      ii. Wes Preston: Waterville Valley has a lot of trampoline activity. We have a trampoline center and are about to have an airbag facility. They have closed the FS program at 50 kids. Prep schools back east are hot beds for freestyle skiing. We get some snowboard and freeskiers and freestyle kids and kids totally outside the sports because they love trampoline.
      iii. Johnny Bristol: We partner with 2 gymnasiums in Rochester, NY.
   c. Committee Membership Renewals and Elections:
      i. Motion to Nominate Jack Boyczuk as New Aerials Sub-Committee Chair
         1. Motioned by Ashley Deibold
         2. 2nd by Jana Johnson
         3. No opposition
         4. Passed
      ii. Request for JC to be involved in the committee.
         1. Follow up needed from JC before official vote for incorporation
   d. Term Limit Clarification
      i. Chris Seeman: We do not need term limits for subcommittee members.
      ii. Aerials Sub-Committee Chair - 2 year term
   e. Schedule for Junior Nationals and Nationals will be decided after World Cup schedule is finalized.
7. Adjournment
   a. Motioned by Jana Johnson
   b. 2nd by Tim Massucco

vii. Outline Project Gold for moguls
viii. Discussion on Sport Development
   1. Deb Newson – This is going to be great for the sport
   2. Adam Lesuer – Enthusiastic about advancing freestyle skiing in the country

4. Development Representative - Defining roles and responsibilities
   a. Chris Seeman: I request the committee to do the following:
      i. Define a job description or scope of work.
      ii. Outline a process to nominate this candidate to the FSC.
   b. General Consensus: This additional role is needed and supported
   c. Ashley Deibold – Is there a need for this position? The Development Department can fulfill these responsibilities. Why can’t Divisional representatives vote?
      i. Andrew Wise – This will cause issues with our athlete representation on the board.
   d. Jeff Lange – Do we have one of our Division representatives take this title and work with Ashley more closely?
   e. Chris Seeman – Need to finalize our opinions on this.

5. Closing Comments/Concerns
   a. Sebastian – How can we improve our relationships with resorts and leverage connections?
      i. Adam Lesuer – What can we provide our resorts?
   b. Clarification needed on Development Proposals
      i. Points List- How will we not become too point-centric?
      ii. Adam Lesuer – We need to keep everything as simple and straightforward as possible. This presentation does that.

6. Adjournment- Deb Newson

Moguls Subcommittee Meeting
Thursday, April 23, 2020
1:00 - 4:00 p.m.

Committee Membership:
Chairperson – Mike Papke - Present
Past Chair – Matt Gnoza - Present
Rocky Rep – Bobby Aldighieri - Present
Eastern Rep – Sam Tarrant - Present
1. Welcome – Mike Papke
2. Agenda Review and Approval
   a. Motioned by Ashley Deibold
   b. 2nd by Bryon Wilson
3. Development Update and Coaches Education – Ashley Deibold
   a. Education Evolution
      i. Build and implement 100-300 moguls certifications
      ii. Leveraging existing opportunities for education – Congress, Project Gold
      iii. Goals: Better athletic experience, decreased attrition, professional development pathways for coaches.
   b. Project Gold
      i. Diversified programming – skiing, trampoline, strength, sports psych, yoga, meditation, nutrition, content production
      ii. Goals: Enhanced performance pipeline, collaboration between clubs and National Team, increased athletic skill development, additional coach education opportunity.
4. FIS Proposals Update (Matt Gnoza)
5. Action Items/Proposals
   a. Moguls Proposals – Ashley Deibold
      i. Junior Nationals Proposal Evolution A
         1. Creating an age-group based Junior Nationals
         2. 2 courses, 340 field size
         3. Qualification Criteria: Top 3 w/division per age, per gender, then 22 women and men per age based on national ranking.
         4. Ranking System
            a. All divisions use the same ranking system
            b. Athletes are awarded an additional 10 points for every competitor they outperform.
            c. Goal: Even playing fields out and promote stronger divisions
   Discussion/Desirables:
a. General concern over smaller division health based off field sizes
b. General desire to see a schedule
c. Kris Pepe: Does USASA have different courses for different age groups?
   i. Ashley Deibold: Yes
d. Nick Preston: What are our overall goals with age group nationals?
e. Joe Disco: What is the point for some of these elite athletes to come to U17 and U19 events?
   i. Bryon Wilson: That is the purpose of the open class.

ii. Junior Nationals Proposal Evolution B
   1. Create a FIS Junior National event and add a new level of USSS competition between regional and NorAm.
   2. ProAm (FIS) level, after u19
   3. Discussion:
      a. General concern for resort capability and staff/coach burnout.
      b. Jeff Lange: Where do our normal national championships come in if ProAm includes juniors and seniors?
      c. Jeff Lange: Let’s separate this proposal from the points system to start off.

iii. Qualifier Series Proposal
   1. Replace Divisional Championships with a FIS-sanctioned Qualifier Series.
   2. 2-3 events per season
   3. Goal: Bridge the gap between USSS Regional Competitions and FIS NorAm Tour.
   4. Would be occurring mid-Noram Tour
   5. Discussion/Desirables:
      a. General concern on formatting and scheduling the season out.
      b. Konrad Rotermund: How many people do you anticipate would attend a qualifier event if there is only the opportunity for 5 spots?
         i. Deb Newson: The qualifier series would be able to improve their FIS point profile, use their results to access US Nationals, Junior Nationals, Project Gold etc.
      c. Laurie Mooney: Will this limit divisions because they will be traveling for these? Will this be a huge time commitment to traveling for athletes?
         i. Ashley Deibold: Our hope is growing divisional health by adding in the FIS qualifier events.

iv. Noram Criteria Proposal A
   1. Pre-qualified
      a. Current US team members
      b. Athletes with WC starts in previous season
      c. NorAm Group (Top 5 on previous season NA standings)
   2. In-season Qualification
      a. US Selection Event
      b. Use results from Qualifier Series
v. Noram Criteria Proposal B
   1. US Team Athletes
   2. Top 10 NorAm standings
   3. Next Top FIS Base List
   4. Top 3 from 2 FIS Qualifiers

vi. National Ranking System Proposal Options
   1. A: All USSS Scored mogul and Dual Mogul Events use a 1000 point scale
   2. B: Eliminate an overall national ranking system and
      a. Use FIS lists
      b. Use event results and/or series results to qualify athletes to performance pipeline phase events.

3. Discussion/Desirables:
   a. Nick Preston: It would be a challenge in communication to switch the points list. Do we have too many lists?
   b. Johnny Krotez: We have really young kids that are doing really well and I see a drawback of this. I like the system we have now because it identifies the skiers that are skiing close to whoever is winning.

b. USSS Points – Konrad

1. All USSS Scored Mogul and Dual Mogul Events will use a 1000 point scale.

2. List 1 will start each season as an adjusted list as follows:
   - The Top 3 Women and Men USSS athletes on the FIS WC Ranking List will be ranked 1,2,3 respectively.
   - The Top 3 Women and Men USSS athletes on the FIS NAC Ranking Final List will be ranked 4,5,6 respectively.
   - The Women and Men Winners of the US Freestyle Championships in Moguls and Dual Moguls, if not already ranked in #2a and/or #2b will be ranked 7th.
   - The Women and Men Winners of the US Junior National Championships in Moguls and Dual Moguls, if not already ranked in #2a, #2b and/or #2c will be ranked 8th. All other USSS Mogul and Dual Mogul competitors will be ranked according to their season ending rank.

2. FFSP’s will be awarded to rank on a seasonally adjusted basis as follows:
   - Step 1: Determine the number of competitors on the season end FFSP list in Moguls and Dual Moguls. Only competitors ranked with 3 or more events will be considered.
   - Step 2: Divide this number into 1000 points. Example: If the Men’s Mogul List has 386 competitors ranked with 2 or more events, then 1000 / 386 = 2.59 points (truncated):
Step 3. The top ranked Woman and Man will receive 1000 points, 2nd 997.42, 3rd 994.82, 4th 992.23, 5th 989.64, and so on until all ranked competitors receive FFSP points according to #3 Step 1.

Discussion/Reason

I created with Steve Kenney the original FSP in 1988-1991 and there has been no update to the thought of its use until last year when I proposed the changes. As stated last year I would present the detail of the USSS Scored Events Only list. We have a current list that went from USSS Scored events only to adding all events. Based on the changes in the way we operate we can no longer have all our fruit in one basket. Two Tiered system needs two outcomes.

i. Konrad removed the proposal.

   a. Motioned to Adjourn by Ashley Deibold
   b. 2nd by John Dowling

Rules and Officials Subcommittee Meeting
Friday, April 24, 2020
1:00 - 4:00 p.m.

Committee Membership:
Chairman - Thomas Schaefer – Present
Head TD - Craig Matthews – Present
Head Judge - Chris Ellis – Present
FIS Rep – Scott Lounsbury – Present
Athlete BOD Rep - Heather Watanabe – Absent
Athlete Rep – Bryon Wilson – Present
TD Rep - Tad Dziemian – Present
1. Welcome - Thom Schaefer
2. Agenda Review and Approval
   a. Motioned by Thom Schaefer
   b. 2nd by Ashley Deibold
3. Review of Committee Membership
4. Review of season by Head TD and Head Judge/FIS Judges Rep
   a. Head TD Update: Craig Matthews
      i. Online training season last season.
      ii. Last fall, U.S. Ski & Snowboard set up a new online way to send TD reports.
      iii. U.S. Ski & Snowboard hired Morgan Schild to collect all the old TD reports.
      iv. Switched insurance carriers last fall.
   b. Head Judge Update - Thom Schaefer
      i. People that have never done a WC were able to get some experience this year.
   c. Judging Reps - Chris Ellis
      i. Resources Page on U.S. Ski & Snowboard website is a helpful resource
      ii. Recruitment initiative for more judges
      iii. Interaction between regions for judge resources
      iv. Scott Lounsbury
         1. Used FIS exception list this year.
   d. Discussion:
      i. Jeff Lange
         1. Ted Martin’s announcement of changing NorAm TD fees got pushback
         2. Canadians didn’t approve and we are now paying less to WC TDs than NorAm TDs.
            a. Ashley Deibold
               i. It came about from the north American TD meeting in Zurich this fall where it was presented and approved by the representatives there. The communication to their respective NSAs was lacking. We did follow that, and I believe Canada is committing to following it next season.
               ii. Safety: The TDs at the NorAm level have a higher responsibility.
5. Old Business
   a. Tai Robinson Status
      i. Thom Schaefer: He was suspended for a year and will need to complete proper courses
   b. For follow up: Mikaela Matthews - Far West contact interested in the position.
6. Action Items/Proposals

| Name of Person Submitting Proposal | Chris Seeman |
Description | Create a scope of work and Nominating process for the "Freestyle Development Representative"
---|---
Current Rule | Doesn’t Exist
Proposed Change | Added this position following last years Congress.
Discussion/Reason | The new Freestyle Development Rep. Was officially added to our operating procedures at the Sept. 2019 BOD meeting. We now need to create a nominating process and a scope of work for this new position. This position will be filled at the 2020 Freestyle Congress.

a. Discussion
   i. What is the purpose of this role? What are the roles and responsibilities?
   ii. With new USOPC rules with athlete ratio, the committee structure will need to change.
   iii. General consensus: The committee supports the addition of the position. Will move forward to the Freestyle Sport Committee.

7. New Business
   a. New FIS rules
      i. 4305.2.1 Seeding for Dual Moguls (Proposal 2)
         1. Prior mogul competitions will be used to seed for Dual Moguls.
      ii. NAC 8: Competition / Seeding (Proposal 6 from Canada)
         1. It is to determine the seeding exactly as it happens. The best of the two ranks from CoC standings or FIS points will be used to seed the first events.
         2. Explains how you seed the first two events.
         3. In Dual Mogul events, if proposal 2 passes, then your Dual Moguls would be seeded with a mogul the day before. Anyone not in that event would be seeded by their FIS points.
      iii. NAC 13: Air Bump Shapers (Proposal 7)
         1. You would nominate jump shapers per NorAm competition.
         2. Ashley Deibold: I spoke to Todd on these: In the NorAm cup rule book, we have an appendix that goes over this. It was suggested by the subcommittee that this goes in the appendix because it is a guideline.
      iv. NAC 14: Official Training
         1. Men train first, women train second and vise versa for the second day.
         2. If the course conditions are rough, men train and qualify first. It would benefit the women.
   b. COC Harmonization
      i. NAC 1.3.1: We are the only CoC that brings 5 scoring judges to an Aerials event.
         1. We need to balance judge opportunity with the ability to finance the event.
         2. No change on this for now, but it might make sense to say for MO-5-7 scoring judges with a head judge and for AE-minimum of 4 with a head judge.
      ii. NAC 7.1: Training
         1. Men then women, women then men for training days.
      iii. NAC 5: New Quotas
         1. 20 visiting national quota and a host nation +5 to 25/25 and then reducing the foreign competitor field from 40 to 30.
         2. Adding a max of 8 per nation with a max of 5 per gender.
3. This doesn’t have a large impact on foreign athletes according to numbers last year.
4. This makes it easier for athletes to plan their season.

c. Elections
   i. Term is up:
      1. TD representatives
         a. No new nominations
         b. Adam Leseur Re-Election
            i. Nominated by Craig Matthews
            ii. 2nd by Ashley Deibold
            iii. No opposition
            iv. Passed
         c. Tad Dziemian Re-Election
            i. Nominated by Thom Schaefer
            ii. 2nd by Ashley Deibold
            iii. No Opposition
            iv. Passed
      2. Judges representative
         a. Need another Judges Representative according to 2019 minutes
         b. Potential Option: Abby Miles
         c. Thom will reach out about the new position.
         d. Bill McNice Re-Election
            i. No opposition
            ii. Passed
      3. Head judge
         a. Craig Matthews Re-Election
         b. Nominated by Ashley Deibold
         c. 2nd by Mikaela Matthews
         d. No opposition
         e. Passed
      4. FIS Judge Representative
         a. Scott Lounsbury Re-Election
         b. Nominated by Craig Matthews
         c. 2nd by Ashley Deibold
         d. No Opposition
         e. Passed

1) Welcome – Mike Papke and Ashley Deibold  
2) Proposal 4 – In-Season Qualification for NorAms  
   a) Motion to Discuss  
      i) Motioned by Ashley Deibold  
      ii) 2nd by Wesley Preston  
   b) Discussion:  
      i) Wesley Preston: I am in favor of any kind of points list that makes it less of a game of what event kids choose to go to. I don’t think we need to make it complicated.  
      ii) Biggest concern: Event organizers not getting their results into U.S. Ski & Snowboard on time.  
      iii) Other concerns: There needs to be specific guidelines on when points need to be submitted in order to be counted.  
      iv) Clarification from Ashley Deibold and Deb Newson: This is not a proposal to change calculating points for competition periods.

### Proposed Change #1

**Event Rating**

Mogul and dual mogul events are scored based on the rating of the event. The rating of an event is based on the level of the event, the quality of competitors entered, the athletes’ ranking amongst the top finishers and sometimes the number of participants in the event.

1. **Float Ratings**: Events with float ratings have their final rating determined by the average of the two highest FFSP rankings for the athletes finishing in the top four places of the event.
2. **Fixed Ratings:** Events with fixed ratings have their final rating determined by the event rating with the exception of Scored Divisional Events.

3. **Scored Divisional Events:** The rating of divisional events is determined by adding the number of participants in each gender to the fixed rating of 650, where a max rating of 750 can be awarded to any divisional event based on the number of participants.

4. **Qualifier Series:** Each division will designate two Qualifier Series events that will float up to 850 points, using the Float Rating rules.

| Each mogul and dual mogul event is rated by the quality of competitors entered. Therefore, the point worthiness of each competition will vary with the caliber of skiers participating. Meet rating points will be equal to the average of the two highest FFSP among the top four finishing mogul competitors in that event and among the top four finishing dual mogul competitors in that event. Aerial events do not have event ratings.
| The winner of the mogul event is awarded freestyle points (FFSP’s) equal to the average FFSP of the people who rated the competition. All other competitors in that event are given FFSP’s in the same proportion to the winner’s FFSP’s that their score was to the winner’s score. (Example: winner scores 70 in a 724 point event, competitor scores 64. That competitor will be awarded (64/70) x 724 = 661.94).
| If none of the competitors in an event have any FFSP’s in the event, then the minimum event rating is 100.
| The maximum points for an event in all disciplines is 1000, the minimum point value for an event in all disciplines is 100.
| FIS events will be scored using the FIS event rating.
| Dual mogul events with less than 13 competitors will be scored with a special formula determined by the FFSC. |
Proposed Change

**Event Scoring**

**Mogul and Dual Moguls Event Scoring**

1. The winner of the mogul event is awarded freestyle points (FFSP’s) equal to the ratings of the event described in the Event Rating section. All other competitors in that event are given FFSP’s in the same proportion to the winner’s FFSP’s that their score was to the winner’s score. (Example: if the winner scores a 70.25 in a 750 point rated event, then a competitor that scores a 64.73 would receive 92% of the points awarded to the winner.) \((64.73/70.25) \times 750 = 696.07\).

2. If none of the competitors in a “Float Rating” scored event have any FFSP’s in the event, then the minimum event ranking is 660.

3. FIS events will be scored using the FIS event rating.

4. Dual mogul events with less than 13 competitors will be scored with a special formula determined by the FFSC.

Awards are done as specified in FIS, national or divisional rules. FFSP’s are based on the highest score of the event regardless of nationality. Logic = In moguls where there are a semis and finals system, it is possible that a score from one or more athletes that do not make the finals will be higher than that of a finalist. This happens by virtue of the absoluteness of the final results.

Goal = To create a system that does not disadvantage a finalist or unduly advance a non-finalist in the FFSP system.

Note: These calculations have no effect on the outcome of awards or the basis of the events ‘official’ results. These are strictly for the benefit of creating a fair ranking in the FFSP by their achieved event outcome.

**Formula and Sample**

\[(BPS - FNQ)/\# in ASG + 1 = AF\]

\[BPS - AF = AS1 (Trunc), AS1 (Trunc) - AF = AS2 (Trunc),\]

\[AS2 (Trunc) - AF = AS3 (Trunc), \text{etc.}\]

Where:

- \(BPS\) = Break Point Score
- \(FNQ\) = First Non-Qualifier
- \(ASG\) = Adjusted Score Group
- \(AF\) = Adjustment Factor

\[AS2 (Trunc) = 19.99 (AS1 (Trunc)) - .023333333 (AF) = 19.97\]

Proposal 1 Introduction

Description DIVISIONAL EVENTS
INTRODUCTION

Current Rule Age Class Competition
Each division conducts various types of competitions open to all members. Check your division’s schedule of events. You will be competing in your age classification only - age classes can be found in chapter 1 of this Guide.

Divisional Affiliation
An athlete must compete for the division in which he or she resides, or in which he or she is attending school and/or training on a long-term basis. The choice (designation) should be based on where the athlete spends the greatest part of his/her ski season. Athletes must declare divisional affiliation at the start of the season and must abide by that declaration for the entire season. Any conflicts must be resolved before participation. No changes will be accepted without the approval of the freestyle program director and the freestyle/freeski sport committee chairperson.

### Proposed Change

#### Divisional Events

Athletes start their competitive experience in mogul skiing in the Development Phase where they compete in locally-based age group competition, developing the fundamental skills and learning to compete. Athletes move into the Competitive Phase next where scored competitions are regionally based and provide opportunities to qualify to national championships - Junior Nationals and US Freestyle National Championships. A select number of athletes continue onto the Performance Phase of the Competition Pathway, where international competition and US Team access is prevalent.

*(INSERT PIPELINE CHART when the design team makes it look nice.)*

Athletes should choose a US Ski and Snowboard Club to join for proper coaching and support in the sport of freestyle.

#### Divisional Affiliation

An athlete must designate a particular division upon registering for a US Ski and Snowboard license, necessary for participating in US Ski and Snowboard sanctioned events. The division is generally in which he or she resides, or in which he or she is attending school and/or training on a long-term basis. The designation should be based on where the athlete spends the greatest part of his/her ski season. Athletes must declare divisional affiliation at the start of the season and must abide by that declaration for the entire season. Any conflicts must be resolved before participation. If an athlete needs to change his/her divisional allocation in the midst of the season, then they must contact US Ski and Snowboard Member Services for assistance.

#### Discussion/Reason

With the elimination of the individual Division sections of the competition guide years ago, the competition guide is missing a freestyle event road map for new members and for athletes moving up the pipeline.

**Proposed Change**

**Purpose**

Divisions provide athletes in the Development Phase (U7-U13) locally-based age group competition where the focus is learning to compete, while developing the fundamentals of mogul skiing technique and tactics on skill appropriate venues (See Appendix B).

**Outcome**

The competition season may conclude with qualification to an end of the season age group championship event, both local and national. See Division website for more information.

### US Selection Events

i. Invitations to the US Selection Events in the upcoming competition season will be awarded to the top finishing athlete within each age group, not otherwise qualified and age appropriate.

b. US Freestyle Mogul Team Gold Project Camp

i. Invitations to the US Freestyle Mogul Team Gold Project Camp(s) will be awarded to all age group podium athletes.

2. A Divisions Cup will be awarded, using the FIS World Cup points system for the mogul events, where divisions gain points for the cup based on the athletes ranking in the top 10 of each age group competition.

#### Discussion/Reason

- Create a larger, more inclusive celebration of sport that encourages long-term participation, while serving the athletic pipeline
- Eliminates the need to travel outside division
- Allows athletes in the Competition Pipeline Phase to focus on process goals versus outcome reflection in-season
- Provides an elite national event for the athlete in the early stage of the Performance Pipeline Phase

**b)** Discussion:

i) Prize Money

   (1) Prize money should not be the first stated outcome because it should be up to the organizer and the outcome athletically based and the money is a benefit. The appropriate place would be in the event specific guidelines.

ii) Financial Impacts

   (1) Marginal increase in bib order

   (2) Decrease in awards orders

   (3) Club Ran: Clubs make and manage the budget

iii) Impacts on this format on Freeskiing

   (1) Freeski numbers have increased 15% every year, so it is a good development movement.

iv) Getting Rid of Overall Competition

   (1) As an organization, U.S. Ski & Snowboard is working towards long term athlete development that speaks to age appropriate development. While the overall has been meaningful in the past, it just doesn’t support the practices in the past couple of decades. If we move to an age group championships, we could not move to award an overall winner if there are different courses with different comp days.

   (2) This has more benefits overall than losses

If finals are not an option, overall results will be determined from a best of two in the qualification.

**Dual Moguls for each Age Group**

Run order seeding for the dual mogul events will be taken from the **FFSP List** used for Junior Nationals selection and brackets will be generated in Winfree using the "FIS Normal Bracketing" (FIS ICR 4305.2.2) where athletes dual to 8th place.

**Schedule:**

1. Each age group will have a one-day age group mogul competition.
2. Each age group will have a one-day age group dual mogul competition, run separately, but on the same day and on the same course as another age group.
   a. For example, U13 and U15 will compete in duals on the same course, on the same day, but have separate brackets.
2. Recommended Schedule, to be reviewed at US Congress each spring. See Appendix.

**Discussion/Reason**

This was the event format, not the schedule, used this year at Juniors. We should eliminate the ability of the Event Organizer to change the format so we can maximize the number of athletes invited. This is why I took out the up to 40 in finals.

Note: The Event Organizer used the FIS scoring program to access live scoring which resulted in the inability to format the run orders correctly. Furthermore: Dual moguls were not held, but if they had been, the dual mogul "junior nationals format" would not have been able to be processed in the FIS scoring program either.

**Action**

Can Winfree add this event format to options for Mogul events? If not, then we need to choose a different format. The FIS scoring program does not work for this event.

Quotas for the genders in each age group will be determined based on a ratio of the total population from FSP List #1.

**Proposed Change #3**

**Discussion/Reason**

This is the fair and equitable way to distribute access to this event. We need to take into consideration the number of athletes in each age group when creating the quota—they are not equal, so the quotas shouldn’t be equal. The hope would be to grow the population and this formula has the ability to address growth.

**Proposed Change #4**

(East with top U13’s absorbed into U15 Age Group—no separate U13 Age Group Day—No Population and Gender Ratios)

**Quota**

See data here.

U15: 40W/40M
U17: 40W/40M
U19: 25W/25M

**Proposed Change #5**

(East with top U13’s absorbed into U15 Age Group - no separate U13 Age Group Day Population and Gender Ratios)

**Quota**

See data here.

U15: 70
U17: 70
U19: 50

Quotas for the age group competitions will be based on a percentage of the entire age eligible population.

Secondly, quotas for the genders within each age group will be determined based on a ratio of the age group’s total population.

All quotas will ensure equal access to both genders where a minimum of 40% of athletes per age group, per gender are invited.

Quotas for the genders in each age group will be determined based on a ratio of the total population from FSP List #1.

   i) Motioned by Mikaela Wilson
   ii) 2nd by Ashley Deibold

b) Discussion
   i) U13 and U15 Incorporation:
      (1) Need to ensure that adding a U13 group to Junior Nationals doesn’t ruin that development pipeline.
      (2) USASA: U13 has its own level of competition, but that group is one of the largest.
      (3) Differences in opinion on U13 is a separated age group.
ii) Gender Ratios
   (1) Unanimous in favor

iii) Course Differences
   (1) Important to clarify what age groups would participate in what if U13 and/or Open Class was incorporated

* Any inverted aerialist who has qualified two inverted jumps but does not qualify for this event then that skier is granted a spot to the Junior National aerial event above the current quota.

* Athletes invited in moguls or dual moguls will be granted starts in both mogul and dual mogul events. Must be ranked on the FSP List #3 in discipline.

Foreign athletes will be allocated 10 spots per gender per discipline above the U.S. athlete quota. A foreign athlete must be ranked in the top 60 FFSP List #3.

If an athlete qualifies from the junior FFSP #3 from the initial posting, to compete in 3 or more events at Junior Nationals then they will be considered an all-event skier.

If by virtue of criteria #2, and excluding any athletes qualified by virtue of criteria #1, a division does not have three athletes per gender per discipline in aerials, moguls, and dual moguls accept their invitation, then the division is guaranteed a maximum of three men and three women. Any spot that remains unused will be lost.

Divisions may conduct a freestyle combined at the divisional championships. The freestyle combined junior champion will be added to Junior Nationals above the current quota.

Ten athletes per gender in moguls, dual moguls and aerials will be named as alternates to compete in Junior Nationals. These alternates are to be named off the initially posted invitation and will represent the next ten names on the juniors FFSP List #3 per gender, and per discipline. No more than ten alternates will be entered in the event even if greater than ten athletes decline
their spots. Alternates must be placed into the event prior to the time of the draw for the event in which they are named as alternates. All alternates must be registered and paid prior to entry into the event.

**Proposal 5 Invitations and Registration Update Dates**

| Description | JUNIOR NATIONALS INVITATIONS/REGISTRATION |
| Current Rule | The registration procedure for Junior Nationals will be updated every year at the spring FFSC Congress meetings with the specific dates and with what party will handle registrations. The registration and invitation procedure for Junior Nationals will be as follows.  
1. The Juniors invitation list will be published by Feb. 23, 2020 at usskiandsnowboard.org. Updates will be posted in this same section.  
2. From the initial posting and as invitations are updated, invitations MUST be accepted within 48 hours of posting. Invitations that are NOT accepted will become null and void. For example, invitations posted on Feb. 23 at 12 p.m. MST must be accepted by Feb. 25 at 12 p.m. MST.  
3. Once an invitation is accepted (date and time are recorded on the invitation website), the athlete must confirm registration by registering online within 48 hours. Athletes that are unable to register within 48 hours must notify the registration contact. Contact information is available online.  
4. The invitation updating process will continue online until Mar. 1, 2020 at 12 p.m. MST, at which point the website will freeze with all registration directed to the event organizer when official registration opens. |
| Proposed Change | Invitations and Registration  
Invitations  
1. Invitations will be determined from the FFSP List valid after President’s Day in February.  
2. Invitations will be posted on the US Ski and Snowboard website: https://usskiandsnowboard.org/index.php/sport-programs/criteria/freestyle-junior-nationals-criteria  
1. Athletes must RSVP to their invite using the Registration process listed below.  
Registration  
The registration process should be reviewed annually at FSC Congress.  
1. From the initial posting and as invitations are updated, invitations MUST be accepted by registering online within 48 hours. Athletes that are unable to register must notify the event registration contact within 48 hours. Invitations that are NOT accepted will become null and void.  
2. The invitation and registration process will continue online until midnight prior to the first competition at Junior Nationals, at which point the website will freeze with all registration directed to the event organizer when official registration opens. |

| **Current Rule** | Selection Events are used to qualify skiers to earn starts in the U.S. World Cups and starts in NorAm competitions. Athletes invited in moguls or dual moguls will be granted starts in both moguls and dual moguls. This is a FIS event and will follow the FIS age requirements. Development Group athletes must start in all event days. Must have a FIS license to compete.  
Visit usskiandsnowboard.org for dates and location. |

| **Proposed Change** | Purpose:  
The US Selection Events provides athletes in the performance phase an early season domestic opportunity to compete against the best divisional athletes in the country, as well as members of the US Ski Team.

4. All athletes that finished in the top 10 in moguls, top eight in dual moguls and top 10 in aerials in the prior season Junior Nationals that are not qualified via criteria 1, 2 and 3. No alternates will be taken from Junior Nationals.

5. If by virtue of criteria 1, 2, 3 and 4, a division does not have an athlete competing in a discipline in each gender, then that division will be granted a spot in that discipline and that gender to use as it wishes. If the spot remains unused it will then be lost.

6. There will be five alternates per gender per discipline. These alternates are to be named off the final FFSP list of the previous season and will represent the next five names on the FFSP list per gender and per discipline that have not already qualified for the event. Alternates will be placed into the events in the order they are named and will be notified immediately. The alternates will only compete if any of the skiers qualified via criteria 2 and 3 don’t accept their spots or get injured.

7. International quotas as outlined by U.S. Ski & Snowboard and FIS.

8. Additional athletes may qualify to compete at the U.S. Selection Events in aerials by having a minimum of two different inverted jumps qualified.

U.S. Freestyle Ski Team and Development Group athletes will have priority. The remainder of the moguls/dual moguls NorAm starts will be granted based on the best two single moguls events and best one dual moguls event from U.S. National Championships, Junior World Championships (only if dates conflict with U.S. National Championships) and U.S. Freestyle Selection Events using place points. Foreign athletes will be excluded from the place point tally at both the U.S. National Championships and the U.S. Freestyle Selection Event.(If conflicting) all competitors at the Junior World Championships will be included in the place point tally. If there are not at least two dual moguls events, the best three single moguls events may be used. Ties will be broken by the best finish, then the second-best finish, then the third-best finish. If a tie still exists, the best finish from the U.S. Selection Events will break the tie and then ties will be broken by the most current FFSP List #5.

Moguls NorAm injury clause

Based on the final NorAm Grand Prix standings for the previous season, any athlete not currently named to the U.S. Freestyle Ski Team ranked in the top 5 on the NorAm Grand Prix standing or has finished in the top 16 in a Mogul or Dual Mogul World Cup from the previous two seasons that is unable to compete in any or all the NorAm qualification events (U.S. Championships, U.S. Selections) due to injury with be guaranteed starts at all NorAm Tours stops for one season. The athlete must provide all medical documentation.
stating that they are unable to compete. Once medically cleared to compete, they would retain their NorAm start.

Freestyle NorAm Start Group

After the U.S. Freestyle Ski Team is named in May 2019, based on the final NorAm standings for the 2018-2019 season, any athlete not currently named to the U.S. Freestyle Ski Team ranked in the top 5 on the NorAm Standing will be named to the Freestyle NorAm Start Group. This will guarantee these athletes’ starts on the NorAm Tour. Freestyle NorAm Start Group athletes must participate in all event days at the U.S. Selections Events. If an athlete is injured and unable to compete in U.S. Selections Events, the athlete must provide all medical documentation stating that they are unable to compete. Once medically cleared to compete, they would retain their NorAm start. An athlete who is named to the group has until June 1, 2019 to accept their spot in the Freestyle NorAm Start Group. Once the national office has been notified that an athlete is retiring, or the deadline has passed with no acceptance, the next athlete on the NorAm Grand Prix standings in moguls/dual moguls will be added to the freestyle development group (NorAm Start Group).

|                 | The following athletes will be prequalified for the 2021 NorAm Events, as the “NorAM Start Group”.
|                 | 1. US Team Athletes       |
|                 | 2. Top 10 US Athletes from 2020 NorAm Cup standings |
|                 | 4. Any athlete with a World Cup start in the previous season. |
|                 | 5. While NorAm Start Group athletes should accept their spot by notifying the National Office, no additional athletes will be named if any athlete declines due to retirement or injury. |
|                 | 6. NorAm Start Group Athletes must participate in all event days in the U.S. Selection Events. |
|                 | 7. If a NorAm Start Group athlete is injured and unable to compete in the U.S. Selections Events, the athlete must provide all medical documentation stating that they are unable to compete. Once medically cleared to compete, they would retain their NorAm start. |

In-Season Qualification Criteria

1. Any remaining quota spots for the NorAm Tour will be named using FFSP List that captures US Selection Events.
2. When the NorAm starts become available, these in-season starts will be distributed using the valid FFSP list, in accordance to the Continental Cup rules for the FIS NorAm Tour.

Discussion/Reason

- This criteria proposal eliminates the "NorAm List" used to qualify athletes to the NorAm Tour.
- Makes the qualification pathway easier to navigate
- Coaches/Athletes can plan training/competition schedule for the Performance Pipeline athletes in advance of the start of the competition season
- Multiple opportunities to qualify for NorAms
- Longitudinal view of athletic performance is used to qualify athletes
- Athletes on the come up can qualify in-season

a) Discussion/Desirables
   i) Qualification/Prequalification:
      1) Promotes in-season opportunity to move up while giving top-level athletes a more planned season.
      2) Concerns about in-season opportunity due to pre-qualification in the previous season/stagnation.
         a) Ashley Deibold-We are capturing the majority of the same athletes with this system.
      3) What List is used as you get closer to NorAm season?
         a) The most current FFSP list will be used should spots become available.

Proposal 1 Purpose and Outcome

| Description | US NATIONAL CHAMPIONSHIPS  
PURPOSE/OUTCOME |
|-------------|-------------------|
| Current Rule | The U.S. Freestyle Championships will be held in the spring of 2020; the dates and location had not been confirmed at press time. U.S. Freestyle Ski Team members and the top divisional skiers from around the country will compete in aerials, moguls, and dual moguls. The Divisions Cup will be awarded at U.S. Freestyle Championships and will include U.S. Team members.  
Proposed Change | Purpose:  
U.S. National Championships, held in the spring each year after the conclusion of the divisional event schedules, the NorAm Tour and the World Cup season,
hosts the U.S. Freestyle Ski Team and the top athletes in the performance phase of the pipeline to compete in moguls and dual moguls.

**Outcome:**
- The Divisions Cup will be awarded in the U.S. Freestyle Championships and will include U.S. Team members, using FIS WC Place Points for athletes in the top 30 from mogul and dual mogul events.
- Any athlete starting in the US Championships event will gain a start at the US Selection Events for the following competition season.
- US Junior National podium in each gender in each discipline to be recognized. (U19 and under.)
- Prize money

         Following discussion, the motion passed unanimously.
iii. Proposal 4: FIS Noram Criteria
   1. Motioned by Mike Papke
   2. 2nd by Konrad
   3. Questions/Comments from the community:
      a. Glenn Eddy: This proposal changes a lot from what we wanted to do last year. We are now relying on that points list and this pre-qualification which is something we have wanted to avoid.
      b. Mike Papke: Majority approved, Kris Pepe and Jon Obrien opposed.
   Following discussion, the motion passed with one opposition from Konrad Rotrmund.

iv. Proposal 5: Nationals
   1. Motioned by Mike Papke
   2. 2nd by Ashley Deibold
   3. Questions/Comments:
      a. 48 hours to register and the registration process is the exact same as Nationals.
   Following discussion, the motion passed with one opposition from Konrad Rotermund.

v. Qualifier Series Proposal
   1. Motioned by Mike Papke
   2. 2nd by Konrad Rotermund
   3. Questions/Comments:
      a. Glenn Eddy: What are the incentives for people to ski in this?
      b. Mike Papke: Building your FIS profile.
      i. Ashley: Our thought is to be prepared for the future and not knowing what will happen with travel. At this point, we aren't proposing we institute a whole series of these, this is more to give regulations to clubs who are potentially desiring to hold FIS events.
   Following discussion, the motion passed unanimously.

vi. Points List Schedules and Proposals
   1. Motioned by Mike Papke
   2. 2nd by Emily Cook
   3. No questions or comments
   Following discussion, the motion passed unanimously.

vii. Junior Worlds Recommendation- TABLED

viii. Junior National Quota Proposal 3
   1. Motioned by Mike Papke
   2. 2nd by Ashley Deibold
   3. Questions/Comments:
      a. Andy Wise: Is a venue going to be able to handle this competition? Will we be able to do all age groups in one area?
      b. Lindsay: Could we still possibly have the option of splitting them up by age groups?
i. Ashley: Yes, it is a possibility. But we do have venues interested in hosting everyone.

c. Deb Newson: Keep in mind that these numbers are the max number of people participating.

d. Konrad Rotermund: Are we pulling from list 3 or list 1?
   i. Deb Newson: We would look at list 1 and the numbers would be created from there.
   ii. Konrad Rotermund: Would you eliminate athletes with zeros?
   iii. Debate on if they are eliminated or not.

e. Chris Seeman: These proposals will be cleaned up and sent to R&O for review before final edits for the comp guide.

Following discussion, the motion passed unanimously.

ix. Selections Date
   1. At the 2020 meeting, after discussion, the previous years decision was amended to allow US MO Selections to be held in either December or January.
   2. 8 people voted for December, 9 people voted for January

Following discussion, the motion passed unanimously.

d. New Points System - Bryon Wilson and Konrad Rotermund
   i. Please see Addendum One.
   ii. Proposed to take effect Fall of 2021/Winter of 2022. Proposal will be further discussed in Fall 2020 meeting.
   iii. Purpose and Bias:
      a) Simplify the understanding of how one gets points.
      b) Fairly Rank all levels of Mogul Competitions
      c) Accurately represent an athletes ability.
      d) NorAm Cup events need to be worth more than Regional events.
      e) World Cup events need to be worth more than NorAm Cup events.
   iv. Goal: Make every regional event valuable and eliminate “point chasers.”
   v. Jeff Lange - Is there a way to test both options this season to figure out what works best?
      1. List would be ran 4 times a year: Juniors, Nationals, and other key events

5. Committee Appointments

Chris Seeman announced the nominations of Mike Page, Konrad Rotermund, and Scott Lounsbury to the Board for the Freestyle Sport Committee position.

In a majority vote, Mike Page was elected as the Freestyle Sport Committee Chair position for a two-year term.

Jana Johnson and Aerials Subcommittee nominated Jack Boyczuk as the New Aerials Subcommittee Chair. With no opposition, Jack Boyczuk has been appointed for a two-year term.

Jeff Lange was reelected by acclamation for the At Large Committee position. Jeff Lange abstained from voting.

Bryon Wilson was reelected by acclamation for the Athlete Representative position. Bryon Wilson abstained from voting.
The Division Chair Committee nominated Sam Tarrant as the New Development Representative. With no opposition, Sam Tarrant has been appointed.

6. U.S. Ski & Snowboard BOD Report

2019-2020 US Mogul Team Report

2019-2020 US Mogul Team Accomplishments
- 3 women in the top 10 standings
- Top women’s team
- 7 World Cup podiums
  - Jaelin Kauf (1 win, 1 second, 2 thirds)
  - Hannah Soar (1 second, 1 third)
  - Brad Wilson (1 third)

The U.S. Freestyle Team’s 2019-2020 competitive season spanned three continents over four months and athletes stepped it up to earn 7 World Cup podiums. During a season with no World Championships or Olympic Winter Games and several new staff members to integrate, 2019-2020 was all about building: athletes built on their run progression and the teams built on their overall team culture, the results of which are a promising look ahead to the future of American freestyle skiing.
After a cancelled FIS Moguls Open in Sweden and a difficult World Cup opener in Finland, the Moguls Team found success at the dual moguls World Cup in Thaiwoo, China, in December when Jaelin Kauf and Hannah Soar claimed second and third, respectively. Thaiwoo marked Hannah’s first career podium, and kicked off what can only be described as a breakout season for the 20-year-old skier. Hannah qualified for every World Cup finals round, except for one, and appeared in six super finals, throwing different run packages in many. Her methodical approach to figuring out the right combination of speed and degree of difficulty earned her two podiums, and when all was said and done, she was ranked fifth in the world.

Jaelin—the fastest-woman-in-the-world—took 2019-2020 as an opportunity to progress her run and brought two new tricks to snow: a cork 7 and a back mute. The level of competition in the women’s moguls field was the best it had ever been and continuing to up the DD is imperative for staying on top. Jaelin finished the season ranked third overall, adding four World Cup podiums to her collection: second place in dual moguls in Thaiwoo, third place in dual moguls in Deer Valley, a win in dual moguls in Kazakhstan, and a third-place in dual moguls in Krasnoyarsk. 

Tess Johnson also used 2019-2020 to push her skiing, bringing a 360 mute grab to competition. Although Tess did not land on the podium this season, she proved her might when she beat until-then-undefeated France’s Perrine laffont in an epic duel on the Champion course in dual moguls at Deer Valley. Tess’ fearless skiing that night enabled three American women to compete in the quarterfinal round and clinch two podiums. Tess ended her season ranked 10th in the world. With three American women finishing ranked in the top 10, they remain the top women’s moguls team in the world.

On the men’s side, veteran Brad Wilson kicked off his World Cup season in Tremblant, Canada, after taking some extra time to rekindle his passion for the sport. He fought in every contest he entered and finally found the podium in what would be the last World Cup of the season—a third-place in duals in Krasnoyarsk.

2019-2020 saw some fresh faces enter the scene. Rookies Kai Owens, Nick Page and Alex Lewis all made their World Cup debuts. Additionally, two new coaches joined the staff: Joe Discoe and Riley Campbell.

At only 15-years-old, Kai showed great promise in adding to the depth of the women’s team. She skied in two finals rounds, the first two World Cups of her career (and the first two World Cups she ever attended) and finished the season in 24th. Nick and Alex both skied full tours and finished their seasons in 28th and 34th, respectively. Learning the ins and outs of particular courses is part of finding success on the moguls FIS World Cup tour, each course is different and each place presents unique cultural challenges. Having these young athletes ski on tour this year will be invaluable in building the Moguls Team up for success on the road to the 20220 Beijing Olympic Winter Games.

As with other sports, the Moguls’ competition season ended abruptly due to COVID-19. Athletes were in Sweden training for their final two World Cups when the European travel restrictions were announced. The team took immediate action to return to the United States. Unfortunately, virus concerns meant cancelling the U.S. Moguls National Championships at Squaw Valley Alpine Meadows in California as well. Squaw will play host next season, and it should shape up to be an epic ending for the team in a place with so much freestyle history.
There is no offseason for the athletes of the U.S. Freestyle Ski Team, but this prep season will look different than usual as athletes work their programs from home until it is safe to come together as a group. All will look forward to training together at their summer home, the Utah Olympic Park, and getting back to chasing snow when possible.

Addendum Three

### Membership Category Changes

**Primary Category Changes**
- Combined U9 and U11 categories

**Membership Cost Changes**
- U11 & Under: $65
- Short-Term: $30 → $35 per day

**Short-term Membership Changes**
- Restricted to members age 17 & younger
- Limited to 1 event per season
Membership Requirements

Background Screening
- All adult members, with the exception of some alpine masters and short-term members, are required to undergo background screening
  - A green light screening determination is required to fulfill this requirement
- Please allow several weeks for screening process to be completed
  - Individual screening times will vary
  - Foreign screenings may take a month or more

SafeSport Training
- All members turning 18 & older during the season are required to complete SafeSport training through the U.S. Center for SafeSport (substitutions are not permitted)
  - *Some alpine masters excluded per member club authorization

Coaching Fundamentals Course
- All coach members, excluding those Certified Level 100 or higher, are required to complete Coaching Fundamentals every two seasons
- Completion of this course is a prerequisite in order to be certified as a Level 100 Coach

Avalanche Awareness Course Requirement

This 5-10 minute course was developed through a partnership between the Utah Avalanche Center, BRASS, and U.S. Ski & Snowboard. The purpose of this course is to make you aware of avalanche and snow safety and to make you think twice before going off piste or entering the backcountry without the proper gear and training. All members turning 18 and over are required to complete training to activate membership. Other requirements such as background screening, SafeSport training and Coaching Fundamentals may also apply.

- New for 2020-2021 season
- Required for all members turning 18 & over
- Course duration 5-10 minutes
Membership Requirements

Important Reminders:

- Membership cards will only display those memberships for which all requirements have been met

- Those with incomplete requirements will remain on ineligible status

- Members on ineligible status are not eligible to participate in U.S. Ski & Snowboard events until all requirements are met

- FIS registrations will be activated once all U.S. Ski & Snowboard membership requirements are successfully completed

- Register early! We recommend registering a minimum of 3 weeks prior to participation

Club Registration Process

- New deadline for club registration of December 31, 2020 after which a $50 late fee will apply

- Clubs will be processed when Club Minimum Standards are met

- Club Directory changes - only current clubs will appear

- Online registration club drop down listing - only current clubs will appear

- Clubs may submit a roster of active members by email to Member Services once the club has been activated

- Please plan ahead. Early registration is key!
Club Minimum Standards Update

Club Membership Requirements

- Ensure those in a position of authority over or in regular contact with athletes are members at a level which triggers background screening and SafeSport training. This includes board members, staff, adult athletes, and volunteers.

- All club coaches regardless of participation in U.S. Ski & Snowboard events must be members.

- Club must provide a list of board members for auditing purposes.

- Exemption: Academic faculty and staff, such as teachers, who are not directly involved in sport programs with athletes are exempt from membership; however, we recommend similar background screening.

Athlete Safety Compliance

- MAAPP:
  - Club must adopt and enforce U.S. Ski & Snowboard Minor Athlete Abuse Prevention Policies (MAAPP) and provide education to all constituents including club board members, staff, parents, athletes and volunteers on limiting one-on-one interactions between certain adults who have regular contact with authority over minor athletes.

  - Club must offer and give training to minor athletes, with parent/legal guardian consent, to the U.S. Center for SafeSport's youth athlete online trainings (available from the Center and in age appropriate categories).
    - Parent and age appropriate training may be found on the U.S. Ski & Snowboard’s SafeSport Resource page.

  - Club must certify to U.S. Ski & Snowboard that it has implemented MAAPP and, when required, has obtained the appropriate parent/legal guardian consent as allowed under the MAAPP.

  - Adhere to U.S. Ski & Snowboard’s concussion policy.
Club Minimum Standards Update

Business Entity
- Provide evidence of legal existence in their state of primary business operations.
  - For example, clubs must show that they are a licensed business entity in good standing.
- Examples of documentation may include a current business license, certificate of good standing from state in which the club is incorporated, a link to the business’ page in the Secretary of State’s business lookup in the state you are incorporated or other proof of business existence.

General Liability Insurance
- Demonstrate club possesses general liability insurance.
- This requirement may be satisfied either by joining U.S. Ski & Snowboard’s CLIP program or providing U.S. Ski & Snowboard with satisfactory evidence of coverage with minimum coverage substantially similar to what is provided by CLIP.

CLIP Requirements
- Membership is required for club members/participants. All club participants (board members, staff, all athletes, officials, and select volunteers) must hold an appropriate and current U.S. Ski & Snowboard membership.
- The low cost “General Member” option is available for those 17 and under who participate with the club but do not need a competitor’s membership or require background screening or SafeSport training.
