Additionally, there will be required certification of NGBs. There is a second set of bylaws changes that will likely be implemented in the next six months and it will require us to look at our board and increase athlete participation. Twenty percent of the athlete representatives must be athletes that have competed in the prior 10 years. The other thirteen percent will have a broader definition.

Mr. Paine discussed the new bill for empowering amateur athletes. The bill was sponsored by Senators Moran and Blumenthal. It is likely to go to the Senate floor in a week.
