2022 U.S. Ski & Snowboard Congress
Virtual Meetings - Zoom Meeting Platform

SPORT COMMITTEE MEMBERSHIP
Dylan Omlin - Chairperson
Ben Wisner - Far West Representative
Elijah Teeter - PNSA Representative
Andy Gilbert - Intermountain Representative
Matt Voegtle - Rocky Representative
Jessica Zalusky - Central Representative
Ross Powers - Eastern Representative
Jeremy Lepore - Judges Representative
Alex Deibold - Athlete Representative (BOD)
Arielle Gold - Athlete Representative
Lucas Foster - Athlete Representative
Maddie Mastro - Athlete Representative
Mike Jankowski - Coaches Representative
Mike Mallon - USASA Representative
Ashley Deibold - Sport Development Manager
Phoebe Mills - Industry Representative

Snowboard Sport Committee Meeting
Thursday, May 5, 2022, 10:00 a.m. – 1:30 p.m.
Virtual Meetings - Zoom Meeting Platform

Meeting Chairman: Dylan Omlin
Committee Members Present: 11
Committee Members Excused: 2
Management/Team Managers Present: 11
Additional Attendees: 31

1. Chairman Calls the Meeting to Order

Dylan Omlin called the meeting to order at 10:05 a.m.

2. Roll Call & Establishment of Quorum

Erin McNeely made a roll call and noted that a quorum was present.
3. Approval of Prior Meeting Minutes

Jessica Zalusky moved, and Mike Mallon seconded the motion to approve the meeting minutes from 2021.

The motion passed unanimously.

4. U.S. Ski & Snowboard Freeski Department Update - Jeremy Forster
   a. COVID impacted many teams this season.
   b. Last two years have been about surviving but hopefully now we can continue to build and thrive again and grow.
   c. We have new leadership - Sophie Goldschmidt and Anouk Patty.
   d. Olympics  
      i. Very different this year.
      ii. Tied Austria with three golds, second in total medal count.
   e. We’ve established several mechanisms for anonymous reporting and are providing mental health resources for athletes and staff who need it.
   f. In the hiring process for several coach positions. We’re looking for someone who is performance focused but also committed to creating an inclusive culture.
   g. We’re placing a re emphasis on team culture. Covid caused a lot of separation so beginning to move into that emphasis as we enter a new Olympic cycle. These teams need to be a reflection of the snowboard community. Would love to hear your suggestions and input on what that culture should look like.
      i. Ashley will be initiating club roundtables to discuss.
   h. Working to encourage accessibility in the sport. Good opportunity to expand partnership with USASA.
      i. Been able to get more support for athlete travel costs on Pro Teams and will continue that effort with both internal resources and the Foundation team.
      ii. Had the first in-person fundraising event this year for Freeski/Snowboard.
   j. Ashley is now over only Freeski and Snowboard and will be overseeing Rookie team programs.
   k. Alexis Williams is moving into the senior team manager role and will be hiring a team coordinator role.
   l. Elijah: Any way to increase funding for Rookie teams?
      i. Jeremy: Definitely a need. Donors have contributed significantly to development programs in other sports and we are hoping for the same. It’s an area we know we need to invest in.

5. U.S. Ski & Snowboard Sport Development Update - Ashley Deibold
   a. Pipeline  
      i. Working to continue to evolve partnership with USASA through integration with education, member services, etc.
      ii. Increasing support and resources around Holeshot.
   b. Community Engagement  
      i. Pushing coach education forward through new tools on the online platform.
1. Asked for more funding for additional resources to support coaches' education.

2. Elijah - Any level 200 clinics available this summer? Always good to be around each other and learn from each other. Level 200 standard for timberline so lack of clinics is limiting coaches.
   a. Ashley: We will maybe try and pair something up with a level 300. We will keep working with education to see if we can accommodate.
   b. Dylan: Are you envisioning summit style where everyone stays at the same place or just meeting on snow?
      i. Elijah: Staying together.
   c. Andy: I met a bunch of people through the coaches clinic 10 years ago and that clinic was transformative for me.
   d. Mallon: We have an email chain going about this topic. I’ve reached out to Timberline and let them know there hasn’t been a level 200 for a while.
   e. Jason Trask: My club staff also needs level 200 and 300 certs.
      i. Coggin agrees.

3. Talented Athlete Programs
   i. Excited to get Project Gold back in person.
      1. Park & Pipe in 10 days at Mammoth.
      2. Cross - we are looking at different options for this summer - Hood, Europe, etc - kicking around ideas.
      3. PG criteria is posted.
      4. PGS/PSL - criteria is posted and have some good options for that camp.
   ii. Opportunity to get more women involved in every discipline.

6. U.S. Ski & Snowboard Coaches Education Report - Gar Trayner
   a. See addendum 1.
   b. Working to get additional funding for the coach developer program.
   c. Mallon: There was a transfer of ownership in content, curriculum development, oversight and payment of coach developers to USSS. USASA’s role is now primarily to facilitate and support on the ground.
   d. Gar: Hopefully with injection of resources we can get things rolling.
   e. Dylan Omlin: What do you contribute to 43% being uncertified?
      i. Gar: Freeski and Snowboard is doing great thanks to the work of USASA. A lot has to do with it never being a requirement. Haven’t dropped a percentage point in any sport in the past three years. A large part is accessibility, which is why we are excited about the coach developer roles, who will help us to be able to host camps at different times and on different days. A lot of uncertified people are from Alpine.
         1. If a coach developer is on staff, they can run one internally.
f. Mike Mallon: Is there an opportunity to use the content we have for level 200 to push it out?
   i. Gar: Yes.

h. Elijah Teter: Moodle without classroom portion eliminates the engagement aspect of cross-pollination of what you learn from one another. A yearly summit where coaches/directors meet up and have the location change each year would be great to engage.
   i. Teddy Coggin seconds these ideas.

KC Gandee: Wasn’t it supposed to be two full days on snow with Moodle.
   i. Gar: Notion of Moodle is to create a standardized curriculum that is replicable and scalable across the country. Went to one day in person with COVID and removed in-person classroom piece due to COVID and realized it helped with accessibility.
   ii. Jon Casson: That was the original intent but COVID and costs eliminated the second day.
   i. Lot of support to go back to two day in person and on snow.

7. U.S. Ski & Snowboard Athlete Report - Alex Deibold
   a. AAC
      i. Focused on culture and increasing communication to upper level management.
      ii. Athlete feedback has been frustration and lack of understanding surrounding criteria. But athletes need to be more diligent about reading and reviewing the criteria.

   b. SBX
      i. Very challenging season.
         1. Some team members feel their experience on the team has been different than what is being portrayed.
      ii. Good results at the Olympics.
      iii. Good to see the younger athletes progressing.
      iv. Lots of positive feedback surrounding the wax crew for this year.

   c. Development Teams - Ashley Deibold
      1. When you qualify objectively, it is a two year nomination. If discretion, it is a one year nomination.
      2. We want all athletes on the Rookie Team to stay with their home team and club.
      3. Communication regarding development teams can be improved and we are trying to do a better job with that messaging.
      4. Nichole: Keep line of communication open for the athletes that just missed a nomination.
         a. Club coaches should get input on if an athlete is ready.

8. U.S. Ski & Snowboard Team Reports
    a. Snowboard Cross - Rob Fagan
       i. Last season was a big challenge.
       ii. Couldn’t travel to a lot of locations but still had 26 days of
training leading into the season, including 10 days of double sessions.

iii. 6 world cup podiums, 19 top tens, and 8 world cups. Most podiums come from the women’s side. Two Olympic Golds.

iv. Goal of 20% of all World Cup podiums and hunting Naton’s cup for next year.

v. 2022/23 Nominations
   1. Hagen Kearney, Nick Baumgartner, Jake Vedder, Senna Leith, Alex Deibold, Connor Schiegel, Cody Winters
   2. Lindsey Jacobellis, Faye Gulini, Stacy Gaskill, Meghan Tierney
   3. D Team: Tyler Hamel, Acy Craig, Bri Schnorrbusch, Livia Molodyh

b. Halfpipe - JJ Thomas/Danny Kass
   i. See addendum 2.

c. Slopestyle/Big Air - Dave Reynolds
   i. See addendum 3.

d. Team Culture - Mike Jankowski
   i. Trying to centralize goal setting and make it more consistent and collaborate with athletes more.
   ii. Apollo Project
      1. Consists of expert coach educators.
      2. Key part of team culture.
   iii. Athlete Project
      1. Mentor program where pro athletes work with new rookies to the team.
      2. Athlete liaisons
         a. Team captain to help communicate with coaches.
         b. Helps athletes be connected directly with the leadership team.
      3. Team barometer
         a. Anonymous way for athletes to provide feedback.
      4. Injured athlete protocol
         a. Make sure injured athletes stay connected with the athletes and really involve them so they feel part of the team and not left behind.
      5. Onboarding and offboarding
         a. How to take advantage of team services while on team and the services available as athletes transition to retirement or being an independent athlete.
iv. Consistent Feedback
   1. Being open and vulnerable to growth and improvement as coaches.

9. U.S. Ski & Snowboard Membership Reports - Sheryl Barnes
   a. See addendum 4.

    a. Hosted hybrid judges clinics this year with a Zoom portion and in person portion. Had an in person clinic in Park City last fall.
    b. Rev Tour - Mammoth and Aspen: Had split panel judging and the judges and zoomed with each other during the whole competition, which helped keep the bubble score consistent.
    c. Futures Tour: Mix of USASA and FIS judges. Futures Tour meets the spot of just below Rev Tour but is still a higher level than a local series.
    d. Created an online education platform and coaches are welcome to check it out: fis-edu.com.
    e. Doing another clinic in Park City in October.

11. U.S. Ski & Snowboard Events Update - Sarah Emery and Nick Alexakos
    a. See addendum 5.

12. USASA Report - Mike Mallon
    a. See addendum 6.

13. Committee Appointments

   Ben Wisner was re-elected by acclamation for the Far West Representative position. Ben Wisner abstained from the vote.

   Ross Powers was re-elected by acclamation for the Eastern Representative position. Ross Powers abstained from the vote.

   Arielle Gold was re-elected by acclamation for the Athlete Representative positions. Arielle Gold abstained from the vote.

   Maddie Mastro was re-elected by acclamation for the Athlete Representative positions. Maddie Mastro abstained from the vote.

   Lucas Foster was re-elected by acclamation for the Athlete Representative positions. Lucas Foster abstained from the vote.

14. Floor Open for Comments/Questions
Dylan Omlin asked if there were any questions.

15. Closing Comments & Motion to Adjourn

There being no further business, Mike Mallon moved to adjourn the meeting at 1:30 p.m. and Ashley Deibold seconded the motion.

Respectfully submitted.

Erin McNeely, Secretary of Meeting
Addendum 1

USOPC - Opinion

U.S. Ski & Snowboard, Sport Education Department

“The U.S. Ski & Snowboard, Sport Education department is acknowledged as a leader in the nation and the innovative process, content and delivery methods utilized are world-class. U.S. Ski & Snowboard are a highly valued partner”.

Kelly Skinner - Vice President, High Performance, US Olympic and Paralympic Committee.

Club Development

U.S. Ski & Snowboard Club Development provides resources, education, certification, and recognition to over 350 ski and snowboard clubs around the country.
Sport Education & DEI

Set an example and raise the bar on best practices

- Recruit, develop, and retain more women as coaches and leaders
- Represent athletes from more diverse backgrounds
- Collaborate with partners who introduce youth from underrepresented minorities to snowsports

Success =

- Larger talent pool for coaches and athletes
- Staff and athlete satisfaction and retention
- Increased sponsor support

21-22 Snowboard Halfpipe Rookie Team Overview

Hello Congress, Clubs, and Snowboard fans,

It was an exciting year with successfully navigating the ever-changing covid protocols and a return to normalcy with all events returning. It was great to see the Olympics stay on schedule and have our beloved USASA nationals return to Copper to host the youngest and brightest amateur skiers and snowboarders from all over the country.

I am excited to join the U.S. snowboard team this season and start expanding our resources and helping to refocus attention on our next generation of professionals and sport leaders as the Rookie Snowboard Halfpipe Development Coach. The last three seasons I was part of the VSSC (Vail Ski and Snowboard Club) where I learned from a great club on youth development and excelled at all ages and skill levels. I think my time as a student at Okemo Mountain School helped not only my career in professional snowboarding but prepared me for teaching the fundamentals I am applying today.

It is an honor to announce we are increasing our Rookie halfpipe program from 4 spots to 8 spots for this upcoming season. Another exciting part of this expansion is the ability to work with riders and engage the clubs that are currently enrolling these athletes. We plan to better serve these athletes and continue to learn from great coaches and share ideas on ways to better support our riders, coaches, and parents as we drop into the future of Snowboard Halfpipe progression.

From our Rookie recap we had an amazing season with Bea Kim taking 2nd place at the Junior worlds in Switzerland and Jason Wolle claiming the coveted NorAM overall title and earning his Grand Prix starts for next season. We are looking forward to our project Gold Camps in Mammoth and getting all the new riders together to meet the rest of our support team.

With this being an Olympic year, we saw major progression throughout the pros. Chloe Kim won another Olympic Gold medal not only on that day in China, but throughout her training season with hard work and unmatched confidence on her board. One the men’s side we were happy to have ¾ men in the final and so close to the podium. As this Olympic cycle ended, we had some major progression that was hard to keep up with on the international front. It appears the sport that Ross, JJ, myself, and the whole U.S. Team have made so popular around the world is needing some more help and hard work to once again sweep the podium. The great news is that we are all back in positions to help the U.S. regain its footing. One thing I would like to discuss and propose is a push for some east coast resorts to help get those perfect pipes back. I would also like to recognize the hard work from all the clubs around the U.S. Your programs are the foundation for great athletes, coaches, and professionalism within our sports.

Let the good times snow,
21-22 Snowboard Halfpipe Pro Team Overview

SB Halfpipe = 20% Podiums (11% men + 25% women)

Women’s Roster
Chloe Kim (Dew Tour 1st Place, Laax Open 1st Place, Olympics Gold)
Maddie Mastro (Injured Dew Tour, Tried the Olympics injured)
Sonny Alba (injured)
2 Women top 10 world rank (Chloe Kim 1st Maddie 7th)
1 Gold medal Olympics from Chloe
JWC Bea Kim 2nd Place 15 years old

Our snowboard halfpipe program continued to dominate on the ladies side thanks to Chloe Kim and Maddie Mastro. Chloe had an amazing undefeated season and ended up winning her second gold medal. Maddie was looking very sharp and beat Chloe in the first qualifier of the season at Dew Tour. Maddie then had a bad crash that basically ended her season the following day at the finals of that event. That was definitely a bummer to see. As we all know that’s part of this game, especially when you’re pushing hard and going for the win. The good news is that Maddie is healed and is currently riding right now at Mammoth Spring Camp. We have some very promising young talent coming up with the likes of Bea Kim, Sonny Alba, and there’s a few more in the pipeline that are showing signs of being the next generation of leaders for the team.

Men’s Roster
Shaun White
Taylor Gold
Chase Josey
Chase Blackwell
Toby Miller
Lucas Foster
Joey Okesson

Two men in the top ten world rank (Taylor Gold 6th + Shaun White 7th) 5 men in the top 15 Olympics 4, 5th and 7th place with Shaun missing a Bronze medal by tenths of a point
Nor Am Champ Jason Wolle

Our men’s team had a solid season. We are not where we want to be by any means and missing the podium at the Olympics was hard to digest. I think I can speak for all of us that we are all motivated more than ever to get back on top. Taylor Gold had a 2nd place podium at Dew Tour and got 5th at the Olympics. Shaun White just missed a Bronze medal at the games by tenths of a point. Our young bucks like Lucas and Joey are on a great trajectory for 26’ and they all learned a lot from going through this Olympic Process.
**Looking Forward**

Off Season Training camps - Mammoth Spring Camp, Mt Hood, Saas Fee

In season – We now have a slanted air bag at Copper, which is critical for our success. We will be focusing more on the air bag at Copper and training at Laax this coming winter. Laax is proven to be the breeding ground with the tow rope and the perfectly shaped pipe, so we are making an effort to train there more this winter, and I think it will pay off and we will be seeing the results.

---

**Addendum 3**

21-22 Snowboard Slopestyle/Big Air team season review

**Roster:**

**Pro Team**
- Jamie Anderson
- Hailey Langland
- Julia Marino
- Ty Schnorrbusch
- Red Gerard
- Chris Corning
- Dusty Henricksen
- Brock Crouch
- Judd Henkes
- Lyon Farrell
- Sean Fitzsimons
- Luke Winkelmann
- Kyle Mack

**Rookie Team**
- Jade Thurgood
- Courtney Rummel
- Izzy Gomez
- Addie Gardner
- Jake Canter
- Fynn Bullock
- Liam Johnson

New Rookie Team coach - Eric Beauchemin

**Season Review Camps:**

Mammoth Camp May

Airbag in Park City – 1 week

Pro's to Mt hood in July

Rookies to Copper late July – successful
Trip to Banger Park and Saas Fee late August for airbag to snow trick progression

Stomping grounds Camp in Switzerland 2 weeks – Red dialed in 16’s, Luke landed front triple 1800, Jamie landed cab dub 10’s and Julia did back 9’s, cab 10’s and front 10’s.

Chur Big air right after – Brock 4th

Stubai Camp early November mixed with Banger Park bag days on bad weather days – great

Trick highlights and key pieces moving forward into the Olympic season include Julia Marino Front Dub 10, Red Gerard Back 16 tail and Front dub 14 nose, Judd Henkes cab 16 and switch back rodeo 9, Sean Fitzsimons Back 16 and Luke Winklemann Switch back 16 and Cab 14’s.

Season Review Comps:

Steamboat Big air- top finishers: Red 11, Hailey 4th landing front and cab 9’s

Dew Tour SS - top finishers: Red 1st, Chris 2nd, Sean 4th, Brock 6th, Courtney 4th, Jamie 7th

Covid hit the team hard

Calgary SS – Luke on the podium in 3rd

Mammoth – a lot on the line with a podium putting you on the team, top finishers: Red 1st, Brock 6th, Chris 8th, Jamie 1st, Hailey 5th

Laax – top finishers: Sean 1st, Jake 3rd, Brock 4th

X Games – Jamie 2nd SS, 2nd BA, Red 4th SS

OLYMPIC TEAM
Red, Dusty, Chris, Sean
Jamie, Hailey, Julia, Courtney

3 men and 3 women in finals with a win or crash trying attitude

Czech SS – top finishers: Luke 3rd, Dusty 9th, Courtney 12

Silviplana SS – top finishers: Dusty 9th, Courtney 12
Major Highlights:
Julia Silver Medal
Red slope and big air performance at Olympics
Men's team podiumed at all events but 1 in slope, great depth
Luke 2 SS podiums
Red 2 SS podiums
Near sweep of podium at laax Sean 1, Jake 3, Brock 4
Jamie 2nd in slope and Big air at X

Looking forward:
Getting on the airbag
More reps on the board, back to basics

Addendum 4
SafeSport Training

- All members 17 and older are required to complete SafeSport training through the U.S. Center for SafeSport to activate membership. Substitutions are not permitted.
- There is no charge for core curriculum. Do NOT pay for the course. U.S. Ski & Snowboard does not reimburse for training.
- Courses displayed will be limited to the Center's Core curriculum noted below:
  SafeSport Course and Refresher Schedule
  - Year 1 – Core SafeSport Trained Course
  - Year 2 – Refresher 1 Course
  - Year 3 – Refresher 2 Course
  - Year 4 – Refresher 3 Course
  - Year 5 – The training schedule begins again

Membership Reminders

- Members 17 & older need to have their own My U.S. Ski & Snowboard account to access membership requirements.
- Requirements may include any combination of background screening, SafeSport training, Introduction to Avalanches and Coaching Fundamentals.
- Requirements timelines:
  - SafeSport training required once per season (season runs from July 1 through June 30, annually).
  - Background screening currently required every two seasons.
  - Introduction to Avalanches required every two seasons.
- FIS registrations will only be activated once all U.S. Ski & Snowboard membership requirements are successfully completed. Please note the following exceptions:
  - SafeSport cannot be completed until July 1.
  - Background screening for those who turn 18 years old must be completed within 45 days of 18th birthday.
- Coaching Fundamentals is not required to activate any membership other than coach.

Membership Updates

- Membership pricing increase
  - Pricing increases are across all sports.
  - Pricing has been consistent since 2020.
  - Carriers like Nationwide have exited the NGB marketplace completely.
  - SafeSport costs on the rise.
SafeSport Training

- Please use the same email on SafeSport as you do for your my.usskiandsnowboard.org account
- Member Services can update your SafeSport email and/or password. Please DO NOT create another SafeSport account. It's important that your history is maintained under a single account
- Members may get credit for SafeSport training completed under other NGB's or affiliated entities under USOPC and/or U.S. Center for SafeSport umbrella if training occurred during the appropriate season timeline
- Member Services can request your SafeSport account be affiliated with our organization if needed
- If your SafeSport status shows as pending and you've completed the course July 1, 2022 or later, please email your certificate to membership@usskiandsnowboard.org

Introduction to Avalanches Course

- All members 17 and older are required to complete training to activate their membership
- This brief course was developed through a partnership between the Utah Avalanche Center, BRASS, and U.S. Ski & Snowboard
- The purpose of this course is to make you aware of avalanche and snow safety, and to make you think twice before going off-piste or entering the backcountry without the proper gear and training

Coaching Fundamentals

- Coaching Fundamentals is a prerequisite for all coach memberships, excluding those Certified Level 100 or higher
- Level 100 certification is now required for all coaches
- Final exam score of 70% or higher is required
- Members have 30 days to complete the course. If the course isn’t completed within 30 days, the members access will expire. At that time members will be required to repurchase the course at $10
Club Registration Process

- The deadline for club registration is December 31, 2022, after which a $50 late fee will apply. This deadline will be implemented for the 2022-23 season.

- All club minimum standards must be met for clubs to be in good standing. Those standards include the following requirements.
  - Ensure those in a position of authority over or in regular contact with athletes are members at a level which triggers background screening and SafeSport training. This includes board members, staff, adult athletes, and volunteers.
  - The club volunteer membership is sufficient to fulfill Board membership compliance.
  - Club must provide a list of board members for auditing purposes. Club must provide updates to board member list as changes occur.
  - All club coaches regardless of participation in U.S. Ski & Snowboard events must be members.

- Please plan ahead. Early registration is key!

Club Board of Directors Requirement Exemptions

U.S. Ski & Snowboard has been afforded the following exemptions by the U.S. Center for SafeSport.

- Board members of 501(c)(3) Foundation or Booster Clubs that are separate from Member Clubs and would not be considered an LAO because they do not have any role in managing or delivering programs or have any In-Program Contact (as defined below).

- Educators at schools, colleges, and universities where their roles are independent of athletic programs associated with U.S. Ski & Snowboard and/or a Member Club and do not have any In-Program Contact (as defined below).

- Management/Leadership over resort operations where their roles are independent of athletic competition programs with U.S. Ski & Snowboard and Member Clubs and do not have any In-Program Contact (as defined below).

- Board members of Multi-sport community recreational clubs/programs that have a small competition program. In this case, at least three (3) Board members must be identified as leading or having authority over the ski and snowboard activities of the club and must form an athlete safety committee and they must be members of U.S. Ski & Snowboard and they will be considered Adult Participants.

Important Dates and Info

- May 31st – must be renewed and complete membership requirements to be on 1st FIS points list and to compete in the Southern Hemisphere

- August 15th – FIS late fee goes into effect

- October 15th - Early bird registration deadline

- Saturday coverage runs October – March

MEDIA DETAILS:

Accredited Media:  Over 100 media through our Steamboat virtual media hub, updated daily w/ results and U.S. Ski & Snowboard preview and recap articles.
  With FIS COVID Restrictions still in place, there was a select, limited number of media and photo
  - Getty Images, 9News Denver, Fox Weather, CBC Sports

Video & Social Media Highlights:  Visa Big Air presented by Toyota

Photo Highlights:  2021 VISA Big Air - Freeski Photos
  2021 VISA Big Air - Snowboard Photos

Highlights:  With the most challenging early season conditions in recent memory at Steamboat, the Resort’s dedication and commitment to
  U.S.Ski & Snowboard was unparalleled. The Resort and LOC delivered an exceptional big air jump and the athletes competed at an
  elite level. Never been done (NBD’s) tricks pushed progression in the only big air Olympic Team Selection Event. Freeskier Alex Hall’s
  2nd place podium finish was a highlight for the U.S. Team.
U.S. Ski and Snowboard Event Report
Toyota U.S. Grand Prix | Copper, CO | December 10-11, 2021

**Social Media and Video Highlights:**
- 244 US SKI & SNOWBOARD POSTS RESULTED IN:
  - 6.3M People Reached | 2.7M Impressions | 7.2K Reactions | 1.5M Video Views
  - [FULL BREAKDOWN](#)

**Highlights:**
- Despite drought conditions through November, followed by the snowiest Dec in Mammoth history, the LOC delivered eight (8) U.S. Olympic Team Qualifiers/FIS World Cup competitions.
- Alex Hall and Nick Goepper secure spots on the U.S. Olympic Team with podium finishes in men’s freeski slopestyle.
- Mammoth Mountain Resort hosts another successful HP finals under the lights with a massive turnout that culminated on Saturday night with the U.S Olympic Team nomination presented by VISA

**Event Photos:**
- Freeskiing
- Snowboard
2022-23 Goals:

- Deliver elite competition venues that provide opportunity for US athletes to compete domestically
- Continued support and development of Slopestyle, Halfpipe, Big Air, SBX / SX as Olympic Sports
- Enhance media, sponsor, and spectator engagement at events
- Strengthen integration of Revolution Tour and GP competitions
- Continued support of U.S. Ski & Snowboard environmental sustainability mission

2022-23 Tentative Domestic SB/ FK FIS World Cup Schedule:

- Dec 11-17, 2022- Toyota U.S. Grand Prix/ Visa Big Air- Copper Mountain Resort, CO- SB/ FK- HP, BA

- Jan 29- Feb 4, 2023- Toyota U.S. Grand Prix- Mammoth Mountain Resort, CA- Sb/ FK- HP, SS
2022-23 Goals:

- Deliver full US NorAm schedule that provides opportunity for US athletes to compete domestically.
- Continued support and development of Slopestyle, Halfpipe and Big Air competition pipelines.
- Provide elite venues and competition formats continuing to develop and prepare athletes for World Cups and other elite competitions.

2022-23 Tentative Rev Tour FIS NorAm Schedule:

- **Aspen Buttermilk, CO** - February (HP/SS)
- **Copper Mountain, CO** - late Feb/early March (HP/SS)
- **Mammoth Mountain, CA** - March (HP/SS/BA)

- DEI ACTION PLAN
- YEAR 1 GOALS

DIVERSITY EQUITY & INCLUSION

Phase 1- 2021-22 Season- GOALS ACCOMPLISHED!

- **DEI Training and Education** - Provide ongoing training for all USASA Regional Directors and Officials. This will involve third party consulting and education on racial bias, use of pronouns, and general DEI education for all USASA Staff, Executive Board members and Regional Directors.

- **Addition of pronouns to all signatures on all USASA email accounts** - Following education on pronoun usage, all stakeholders will be asked to add pronouns to their signatures and provide educational links on pronoun usage.

- **Specific recruitment** - USASA will continue to host all female coach clinics and add outreach to the female and BIPOC community for inclusion in coach, officials and judge training.

- **Created more marketing outreach** - Intentionally share the stories that highlight the actions USASA is doing already with a direct focus on alums and current members to celebrate our current diverse community.

- **Commitment of 5k in new resources to DEI initiatives for the fiscal 21/22.**
DEI - MESSAGING + PARTNERSHIPS

- Collaborated with NBS to share content and branding
- DEI-minded content creation. More work to do in this department but we aimed to give more visibility to our LGBTQ+ members, members of color, adaptive and Kekoa divisions
- Shared opportunities for growth

CONTENT RECAP

- Social Media
- IG Main Focus
- 3k Growth/ Reels 7-21K views
- We’re on TikTok
- Newsletters - 54% open rate
- Partners share + collab
- YouTube
- Live Streams
- Team App Ads =

- 75,000 Views During National Championships (2 weeks)

OPPORTUNITIES -

- Partnership USASA Regional + National Championships
- Combined DEI content + activation
- USASA is for all ages + abilities that lead to U.S TEAM
- Connection to our Heroes- Let’s grow the sports together.
- The Vibe is Alive- Are we connecting with the US Team Audience?
REGIONAL SERIES

- EGP PROGRAM

STRATEGIC PLAN MINDMAP
WHAT WE BELIEVE

WHAT WE HAVE BEEN UP TO

THANK YOU!
Program Update

The East Coast had a winter full of changing weather patterns with not much snow fall. Our mountains did their best to create training and competition venues for most disciplines throughout the season which was nice. The discipline that continues to be affected the most is halfpipe as I believe Okemo was the only resort to build an 18ft pipe in the north east.

With USASA having many series in the east there were events to attend for the low to mid level riders. With US Ski and Snowboard having the series of events at Gore and the alpine races at Holiday Valley, it created a schedule to give our mid to higher level speed athletes some Hole Shot/Nor-Am races and our mid-level slopestyle/big air athletes a USASA/FIS Futures Tour event.

There hasn’t been any freestyle Rev Tours on the east coast in several years now which many coaches would like to see a return of in the future. Some eastern coaches would also like to see some more Futures tour stops on the east and to have them scheduled early enough in the season for athletes to have the chance to qualify for in season Rev Tours.

The challenges of the Futures Tour continues to be the cost of memberships and registration fees if athletes were just going to do a single event. These events are also a production and expensive to run for the organizers.

Events

- US Ski and Snowboard East Coast Events:
  - Race to The Cup/ Nor-Am Cup
    - Location: Holiday Valley Resort NY
    - February 28th & March 1st
    - Holiday Valley continues to be very excited to have the alpine racers at their resort and they have a good race hill.
    - This year there were 28-30 women and 35 men in the PGS races.
    - The number of athletes were down around 10 in both women and men from last year.

    - Hole Shot Tour/ Nor-Am Cup & FIS/USASA Futures Tour
      - Location: Gore Mountain NY
      - February 6th-Feb16th.
Gore had a successful series of events this year as they prepare for World University Games in 2023.

- Nor-AM SBX 18 women and 52 men
- FIS/USASA Futures Tour SBX 4 women and 19 men
- FIS/USASA Futures Tour SS 3 women and 23 men
- FIS/USASA Futures Tour BA 4 men
- Gore stepped up their venues this year which created positive feedback.

**Education**

There were on snow portions of level 100 and 200 coaches clinic offered this year in the east. Several eastern coaches are hoping to attend a level 300 coaches clinic in the future and would love to have one on the east coast if possible.

**Summary**

The Eastern Division has a number of great training programs, many USASA series, several US Ski and Snowboard events and decent mountains. We haven’t had any top-level pro events at resorts in a while so it’s hard for many mountains to commit to full size features. The east is still producing amazing snowboarders and many riders from the east are representing our sport around the world.

The information in this report was put together by Ross Powers with feedback from other eastern region coaches.
Program Update

- Rocky Mountain Region is strong
- Vail, Aspen, Steamboat, Winter Park, Team Summit, all seem healthy

Events

- Regional Events
  - With 3 USASA series to choose from there are a lot of regional events
- National Events
  - 2 HP Rev tour events at Copper
  - 1HP, 1BA, 1 Slope Rev Tour at Aspen
  - 1 Futures tour Pipe and Slope at Copper
  - 2 Holeshot events
  - 1 FIS national SBX

- Participation
  - HP is way down

Education

- Coaches clinic before Nationals
- Need more educators in the Summit County area

Strengths and Concerns

- 2 low snow years in a row
- Even in a low snow year Copper is able to provide quality Spring and Summer Training Venues

Goals for 2020/2021

- More communication between Rocky Mountain series and the Clubs

Summary

- Things felt mostly normal again
- Increased communication between the USASA series and the many clubs
Program Update

- 8 Snowboard Member Clubs
- 47 Competitor Memberships
- 50 General Memberships
- Park City, Jackson Hole, Team Utah and Sun Valley are the main participating clubs.
- These programs have good communication, similar goals, and all report lots of younger riders coming into their programs.
- Park City continues to be the epicenter of good terrain based training. Creating and maintaining good terrain at other areas is always a work in progress (other ski areas that are not Park City and Woodward).
- Intermountain Division offers a diverse experience for riders: Jackson Hole & Snowboard offer big mountain experience; Park City Area offers great terrain based riding; Some of the smaller areas i.e. Brighton, Bogus & Targhee all have great local scenes, each with their own flavor.

Events

- Regional/Pipeline Events
  - Futures Tour Park City – February 2-4, 2022; SS/HP
  - USASA Big Mt. West Series - 17 event days PC, JH, SV
    - For JH Event there was a return of slopestyle events being hosted at the Village (JHMR)
- National Events
  - Kings and Queens of Corbetts JH
  - Natural Selection JH Stop
- Industry/Community Events
  - Bomb Hole Cup
  - Bank Slaloms continue to grow in popularity with more being offered in the Intermountain Division (SV, Woodward, Bogus, JH).

- Participation
  - Population is growing at 13 & under age levels.
  - BMW one of the largest USASA Series; continues to remain well attended.

Education
• 41 Coach Members
• 49 Official Members
• Because of the good communication between coaches in Intermountain, lots of good informal coaches education through these conversations and idea sharing.

Strengths and Concerns

• Chase Josey 2022 Olympic Team HP
• Faye Gulini 2022 Olympic Team BX
• Alex Deibold 2022 Olympic Team BX (he’s got an IMD membership, I checked).
• Louie Vito 2022 ITL Olympic Team HP (he lives in SLC claim that all day)!
• Sage Kotsenburg won JH Natural Selection stop.
• Travis Rice still lives in Jackson Hole.

• Strength of the intermountain division is its size and differences, you have very distinct snowboard scenes and cultures within each community. We have a lot of different perspectives and ideas, yet we all find a way to work together and learn from one another.
• The addition of the Woodward Park City facility has been a huge asset. It has opened up training facilities to teams that don’t have the diversity of terrain features that Woodward offers.
• A concern is maintaining and progressing terrain that is being built for young riders and creating opportunities for more terrain.
• Creating lasting and continued relationships with resorts has to be a priority for clubs to ensure that we can host events and have a voice in the terrain that is being put in front of young riders.

Goals for 2022/2023

• Continue to host high level junior events.
• Regional Halfpipe Camp: Park City area has two quality half pipes (18’ Park City, 22’ Woodward) – potential to run a basics and fundamentals pipe camp that utilizes both facilities.

Summary

• Great getting back to being on site at events with other clubs and teams. The enthusiasm seemed high, athletes were riding well, and it was exciting to see everyone emerge from the global pandemic.
• There is good work being done at all the member clubs and resorts. We need to continue to build upon this.
