

## Online Athlete Event Registration Instructions

Online Athlete Event Registration is accessed through the My USSA portal.

1. To login to My USSA Go to <https://my.us skiandsnowboard.org/> and login using your normal My USSA login. If you do not have a My USSA login, you will need to create one. You do not need to be a member to do this.
2. You need to confirm that the registering athlete has a valid competitors license in the sport they are trying to register for. General licenses only work for Cross Country, not for other sports.
3. You will want to make sure the athlete that is being registered is linked to the account you use to log in. If your athlete(s) is not linked to your account, you can use their account, or link them to your account by clicking on ([link additional members](#)) in the top box. For more information on Linking an Athlete, see below.
4. Once logged into My USSA, choose the Athlete to be registered. This is done by clicking on an Athlete in the Linked Member Box:

5. Now select **01 Athlete Event Registration** in the toolbar. The Athlete Event Registration icon does not show up until an athlete has been selected. If your athlete is not linked to your account, or the Athlete Event Registration tool does not show up when you select the athlete, please follow the Linking an Athlete Instructions at the bottom of this sheet.
6. Once in the Athlete Event Registration System you will see information about the competitor, any competitions they are currently registered for, the ability to search for competitions and Your Cart:

9. When check out is complete, you can return to My USSA home page. From here you could select another athlete who is linked to you (if you have another) and register that athlete for events if you wish.

## Linking an Athlete

Once you have logged into My USSA, if the athlete you need is not linked to your account, or if the athlete is linked but the Athlete Event Registration icon does not appear when they are selected, then the athlete needs to be linked. To link an athlete, click on "link additional members"

Now just fill out the information and click Link Membership Account. If someone is linked twice, then you Remove Association on the right of the page to unlink the older link of the member.

At the bottom of the form, there is a red button with white text that says "Link Membership Account".

If you don't have a member linked to your account, you will have a page displayed as below. If you want the member to be the primary member of the account, then make sure the name is selected as below, otherwise use the default and the member will be added to the list of members.
